Hi All

We are creating a new service for all our graduates on the back of the many requests we have had to pass on information on workshops and services of various kinds being offered by our graduates.

New

As we do not wish to become an advertising agent or to clutter up your inboxes we have decided to dedicate some space on our website for graduates wishing to offer their services (coaching or otherwise) to other graduates or members of the public. This service will incur a small fee of €20 for every three month period your service, product, workshop or offering is being advertised. As you all know, our graduates come from a rich diversity of backgrounds and interests and you may be surprised and interested in what other graduates are offering. We will endeavour to add your service to our newsletters when they are going out, where and if appropriate.

Free

We will also include a webpage for you to advertise your coaching services to all, free of charge. For this service you will be allowed to advertise your coaching service, cost, name, phone, email/website and location where you are providing your service.

Please forward on all your information to the following address:- graduateservices@ili.ie

We hope to provide a forum for you to promote your coaching and other services and perhaps to create a space for you to get to know each other better.

Sincerely,

Eoin McCabe
